RE: Your January 25, 2025, email entitled "Formal Request for Response"

Dear Mr. Worthington:

The Dungeness River Management Team is a forum that supports cooperative planning for management of the area's natural resources. In particular, DRMT works to exchange technical information among its representatives and supports implementation of approved watershed-plans. DRMT itself does not pursue projects nor does it have any project management responsibilities. It is a coordination and planning forum.

Sincerely,

Hansi Hals, Chair, DRMT
On behalf of the DRMT
